The volume of the abstract should be no more than 2 pages designed according to the template. Please DO NOT CHANGE the preamble. Use the following commands for callout formula

$$\int_a^b h(y) D_{ay}^{-\alpha} g(y) dy = \int_a^b g(y) D_{by}^{-\alpha} h(y) dy, \quad \alpha > 0, \quad (1)$$

or

$$\frac{d}{dz} e_{1,\beta}^{1,\delta}(z) = e_{1,\beta}^{1,\delta-\beta}(z). \quad (2)$$

Do not use automatic numbering and graphics! Links to equations, theorems and literature should not be generated automatically.

Please use the following format for theorem (lemmas, statements, consequences, definitions):

Theorem. *Text of the theorem.*

and for remarks and examples:

Note. The text of the note.
